PROFILE

I'm Hasnain Ali a passionate and self-driven beginner web developer in the MERN stack. I love building dynamic, user-friendly web applications and am constantly expanding my knowledge in JavaScript, React, Node.js, and MongoDB. While I'm just starting my journey, I've already built a few projects that have helped me understand the full development cycle—from designing responsive frontends to creating efficient backends. I'm eager to contribute to real-world projects, learn from experienced developers, and grow as a professional in the tech industry.

CERTIFICATIONS

MERN STACK DEVELOPMENT PNY TRAINING CENTER IQBAL TOWN

PROJECTS

1. 3DGraphicDesignerPortfolioWebsite ([renderstation](#))
- 2 . Novu.Pk food front-end ([Novu.pk](#))
